development that generally occurs during the period from puberty to adulthood (typically corresponding to the age of majority).

Adolescence is usually associated with the teenage years, but its physical, psychological or cultural expressions may begin earlier and end later.

## Adolescence

Steinberg, 10th

By middle adolescence, teens are engaging in brief, casual dating or in group dating with established couples (Dolgin, 2011). Then in late adolescence dating involves exclusive, intense relationships. These relationships tend to be long-lasting and continue for a year or longer, however, they may also interfere with friendships.
