**Basic Math and Pre-Algebra by Jerry Bobrow**  
If you want to teach a second grader some basic math in half a year, this is a right book. We don't need three to five years to teach basic math. So skip the lengthy (and maybe even distracting) textbooks. Use this concise book as a guideline. This is achievable for bright kids. Maybe this is an unconventional use of the book.

My kids have not progressed into the advanced grade levels of math yet (although CTCMath has those high school math options once we get there). Right now most of my kids are either learning geometry, basic math or pre-algebra. Basic math lesson with CTCMath. Pictured is my 7-year-old and a recent basic math lesson.
