Neurology has a reputation as a difficult area in the MRCP examinations, with the clinical neurology stations (PACES and traditional short cases) being especially feared by candidates. This book aims to demystify the subject, and help candidates avoid becoming bogged down in unnecessary detail and to clarify their thoughts and expression. The book is divided into three major sections covering ...

The Queen Square PACES revision course has run continuously since 1995. Since its foundation the unique strengths of the course have resulted in long waiting lists, so booking early is recommended. Carefully tailored to the PACES exam, the course will help you turn Neurology & Ophthalmology from a weakness to an asset in PACES.

### MRCP PACES Course in Neurology & Ophthalmology Queen ...

Summary: Neurology has been rated as the most difficult subject in MRCP examinations. This title is written by two neurologists who have taught both the written (Part 1 and Part 2) and clinical (PACES) sections of the exam. It is suitable for medical students sitting for their final examinations and for doctors preparing for the PLAB examination.
