Superintelligence Does Not Imply Benevolence

The argument from superintelligence to risk requires the assumption that superintelligence does not imply benevolence—contrary to Kantian traditions in ethics that have argued higher levels of rationality or intelligence would go along with a better understanding of what is moral and better ability to act morally (Gewirth 1978; Chalmers 2010 ...

Ethics of Artificial Intelligence and Robotics (Stanford ...

This does not even have to imply a conscious desire to mislead or deceive, but is simply an expression of the fact that our social reality is technically mediated and this mediation has consequences. An example would be the results of an internet search engine.
