Feedbooks is a massive collection of downloadable ebooks: fiction and non-fiction, public domain and copyrighted, free and paid. While over 1 million titles are available, only about half of them are free.

Supplement Goals Reference Guide

It's called the "Supplement Goals Reference Guide" and contains detailed reviews of over 300 different supplements, based on over 180 specific health and fitness goals. What makes this specific guide so useful is that it's based purely on objective research studies and nothing else... Not subjective anecdotal reports, and not on the effects that some random guy at the gym says he got from using a particular supplement.

Examine.com Review: "The Supplement Goals Reference Guide"

If you were to sit down one-on-one with myself or a nutritionist for an hour, and actually ask us all the same questions, it would range from \$90-\$150 for the consultation. The Supplement-Goals Reference Guide is only \$39. So if you want it, click here to get it. Or if you want even more details, click here.
