Hello, i own a Xerox WorkCentre 6515 and few months ago changed my admin password from "1111" to "xerox". The login worked well so far. Today I had to reset the device due to a software bug. After a Fresh Start I tried to login on the admin account with the default password "1111", it won't accept it.

I also have a workcentre 6515. After updating the drivers, the scanner cannot be reached either from the computer nor from the unit itself. The printer hasn't even printed 100 pages and the scanner used only a couple times. I tried reinstalling the software, no effect. Restored to factory settings, still no effect.
